

Name: _____ Date: _____ Period: _____

Unit 2 Review – Part One

Test Date:	Format of Question 1:	Format of Question 2:
Units Covered in Test		

Population Distribution - 2.A.1:	Factors Influenced by:	From our Studies recall:
Sparsely Populated: Dry Areas	Sparsely Populated: Wet Areas	Sparsely Populated: Cold Areas

Population Distribution - 2.A.2:	Provide a few examples of population distribution variations by scale:
---	--

Population Distribution - 2.B.1:		
Explain Arithmetic Density:	Explain Physiological Density:	Explain Agricultural Density:

Name: _____ Date: _____ Period: _____

Population Distribution - 2.C.1:

Pressures exerted on the land by
Arithmetic Density:

Pressures exerted on the land by
Physiological Density:

Pressures exerted on the land by
Agricultural Density:

Consequences of Population Distribution - 2.D.1:

Political		Social		Economic	
High Density	Low Density	High Density	Low Density	High Density	Low Density

Consequences of Population Distribution - 2.D.2:

Explain Carry Capacity

Explain Environmental Degradation.

Population Composition - 2.E.1:

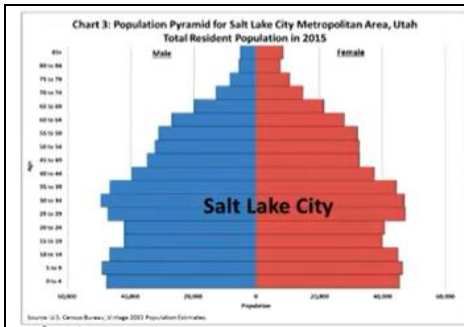

Age Structure Diagram (Draw the general shape of population pyramid)

Rapid Growth

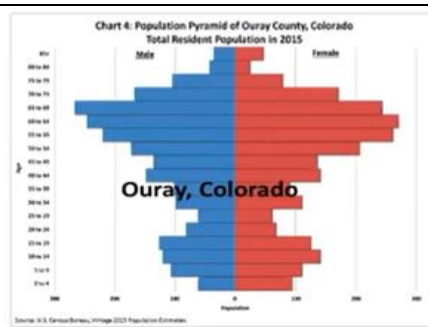

Slow Growth

Stable

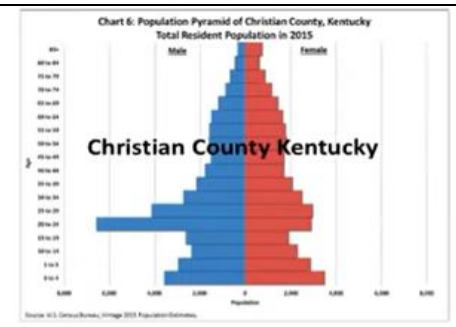

Decline

Explain Pop. Pyramid of Salt Lake City:

Explain Pop. Pyramid of Ouray, CO

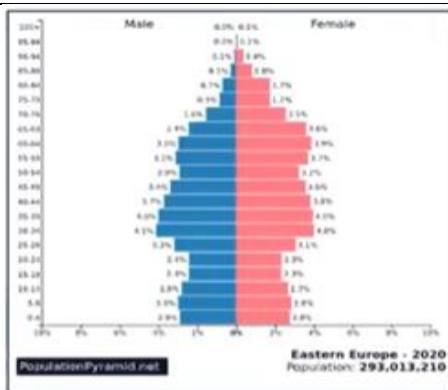

Explain Pop. Pyramid of Christian County, KY

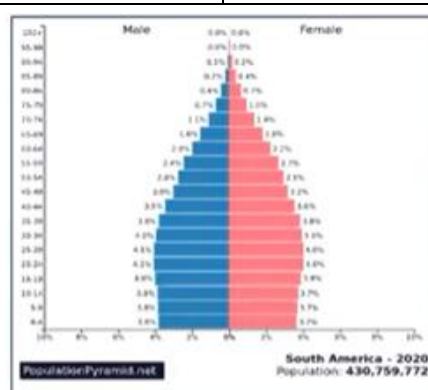

Population Composition - 2.F.1:

Social Risks:

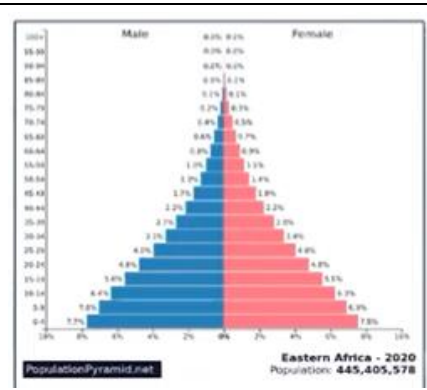

Economic Risks:

Eastern Europe:
Rapid, Slow, or Negative Growth?

South America
Rapid, Slow, or Negative Growth?

Eastern Africa
Rapid, Slow, or Negative Growth?
