Angela's Asinine Facts

The "sixth sick sheik's sixth sheep's sick" is said to be the toughest tongue twister in the English language.

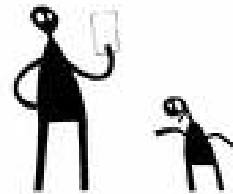

Q. What do bullet-proof vests, fire escapes, windshield wipers, and laser printers all have in common?

A. All invented by women.

Men can read smaller print than women can; women can hear better.

It is impossible to lick your elbow.

Many years ago in Scotland, a new game was invented. It was ruled "Gentlemen Only...Ladies Forbidden"...and thus the word **GOLF** entered into the English language.

Mosquitoes prefer children to adults, blondes to brunettes.

In France, it is legal to marry a dead person!

The portrait of Abraham Lincoln on the penny shows him facing to the right while all other portraits of presidents on U.S. circulating coins face left.

Like fingerprints, everyone's tongue print is different.

Spotlight Shines on You

Starting in the next issue, the BUZZ crew will shine the spotlight on two TEAM 8-3 students. This section will recognize the triumphs and accomplishments of the selected students for--athletic, academics, or civics. Don't be blinded as the spotlight shines on you guys!

Is Hip-Hop really Hip? BY: SARA ANNE URIBE

So what "IS" the deal with Hip-Hop? The lyrics are so undeniably degrading not only to women but to men also. There are many places I could start, but why don't we kick it off with women.

"Smack that all on the floor, Smack that give me some more!" –Akon (smack that). Do we even truly get what message they are trying to send to us? Such demeaning lyrics teach males to think of women in such appalling ways. Are artist aware of what possible damage it could cause to this young male generation in the

future? (Freeze! Now let's take a second to actually think. Violence, drugs, and sex, are all promoted by these so-called "role models".)

But these lyrics have a very negative effect on males. It makes them think it's okay to be a "player" but do they really consider the outcome of their actions? There are diseases such as syphilis (Sexually transmitted disease) which they could get or give. Not to mention how "cool" artists make it seem to do drugs, to get high, to hustle (sell drugs), and blow outrageous amounts of money on apparel (clothes, jewelry, etc.)

Have you ever really sat back and listened to the lyrics to a hip-hop song? What do you think, is it okay with you what they say/point? Do you see these artists as your role models? Would you want your kids listening to this kind of music? These are all questions you should ask yourself before turning that dial to your favorite radio station.

Rent to Own BY: STEVEN GUERRERO

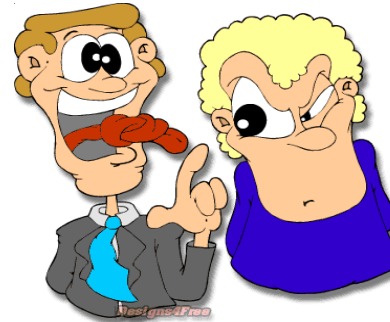

Each issue, Steven will feature the latest or hottest technology and/or toys for big boys. These are the kinds of things that all you guys out there wish you could own, but probably won't ever have enough money to afford them. So enjoy reading about them while you can.
